Capo 4th fret
Asus4 Am C/G F
Am Gmaj7
When the night shows
Fmaj7
And signals grow on radios
Am Gmaj7
All the strange things
Fmaj7
That come and go as early warnings
G G/E F
Stranded starfish have no place to hide
F D/F♯
Still waiting for
G E/A♭ Am
The swollen Easter tide
Am7/G
There’s no point in direction
D/F♯ Dm/F F C
We cannot even choose a side

I took the old track the hollow shoulder
Across the water
On the tall cliffs, they were getting older
Sons and daughters
The jaded underworld was riding high
And waves of steel hurled metal at the sky
And as the nails sunk in the cloud
The rain was warm and soaked the crowd

C G/B Am
Lord, here comes the flood
G E/A♭ Am
We’ll say goodbye, to flesh and blood
E/A♯
If again the seas are silent
Am Am/B Am/C Am
In any still alive
E/A♭ E/F♯ E
It’ll be those who gave
E/D F
Their island to survive
Fm Gm A♭ B♭
Drink up, dreamers
C
You’re running dry

When the flood call
You have no home, you have no walls
In the thundercrash
You’re a thousand minds within a flash
Don’t be afraid to cry at what you see
The actor’s gone, there’s only you and me
And if we break before the dawn
They’ll use up what we used to be

Lord, here comes the flood
We’ll say goodbye, to flesh and blood
If again the seas are silent
In any still alive
It’ll be those who gave
Their island to survive
Drink up, dreamers, you’re running dry
